

Play Your Bigger Game at Work!
An Introduction - Organizational Opportunities for Teams to Design & Play the Bigger Game
October 14 – OR – November 11, 2016
 Two sessions: 1:00pm-4:00pm
Meeting House of the Friends Meeting of Washington
 Conveniently located three blocks from the Dupont Circle Metro

Is your organization ready to take solid steps to make a change, design a next chapter or do something that is more compelling and bigger?

Are you and your team ready to try working in ways that are not business as usual?

Are you a leader looking for ways to inspire your team to think and play bigger?

Do you want to lead with more impact? Join us to discover how to ignite and play a bigger game!

What is The Bigger Game?

The Bigger Game is an approach designed to energize and engage people to play bigger –to see their role in the context something bigger than themselves. The 9-square tic-tac-toe game board is deceptively simple but profound in the way it guides individuals and teams through the experience of activating Hunger, connecting it to Compelling Purpose toward naming a new and bigger game from where they are. Then the board serves as a supportive guide to help you know what to do next to achieve your goals and dreams.

Upon completion of this workshop, you will:

1. Have a full understanding of the Bigger Game Board and its concepts.
2. Learn ways the Bigger Game program can help your team define compelling initiatives and grow and change together,
3. Discover a simple and powerful tool for building strategic alignment.
4. Discover a way to build an innovative and collaborative culture of improvement and change.
5. Learn new ways to build connection and develop greater individual and team engagement.
6. Connect with local colleagues who are interested in similar growth and development.
7. Get to know the Bigger Game at Work team who will support your organization’s continued intentional movement towards their Bigger Game.

Cost: Free.
